Hi There!

Welcome to Smart Tint Arabia

We are delighted to introduce **Smart Tint Arabia** and share our commitment to innovation, quality, and customer satisfaction. At **Smart Tint Arabia**, we believe in transforming residential, commercial, and industrial spaces with advanced smart film and smart glass solutions that enhance privacy, comfort, and energy efficiency.

With a dedicated team of professionals and a customer-focused approach, we specialize in the supply and installation of premium smart tint technologies. Our solutions are designed to provide instant privacy, modern aesthetics, UV protection, and improved environmental performance for homes, offices, hotels, hospitals, and commercial facilities.

Our goal is to exceed customer expectations through exceptional service, high-quality products, and innovative technologies that add value to every project we undertake.

Thank you for taking the time to learn more about Smart

About Company

Smart Tint Arabia is a leading wholesale supplier and solution provider specializing in advanced window film technologies across Saudi Arabia and the GCC region. We deliver innovative, high-performance film solutions designed to enhance privacy, energy efficiency, safety, and aesthetic appeal for residential, commercial, and industrial applications.

With a strong commitment to quality and innovation, **Smart Tint Arabia** offers a comprehensive range of premium film products tailored to meet modern architectural and functional demands.

VISION

To be the leading provider of smart tint, smart glass, and decorative film solutions in the Middle East, recognized for innovation, quality, reliability, and excellence in customer service while transforming spaces with advanced privacy and energy-efficient technologies.

MISSION

To deliver high-quality, technologically advanced smart tint, smart glass, and decorative film solutions that enhance privacy, comfort, and aesthetics while providing exceptional durability, performance, and customer satisfaction. We are committed to innovation, professional service, and creating value for our clients through reliable and energy-efficient technologies.

WHY CHOOSE US

- Comprehensive range of smart tint, decorative, safety, and solar control film solutions
- Competitive pricing for residential, commercial, and large-scale projects
- Premium-quality products that meet international standards
- Professional technical support and expert consultation
- Reliable supply, installation, and project management services
- Innovative solutions designed to enhance privacy, comfort, energy efficiency, and aesthetics

Smart Tint Arabia is your trusted partner for transforming ordinary glass into smart, functional, and visually impressive spaces.

Our Product Rang

We provide a wide selection of cutting-edge films, including:

- Smart Film (switchable privacy film)
- Dot Gradient Film
- Anti-Glare / Anti-Blocking Film
- Photochromic Film (light-responsive technology)
- Safety and Security Film
- Solar Control and Heat Reduction Films
- Nano Ceramic Film for superior heat rejection
- Architectural and Decorative Film
- Colored and Design Films
- Furniture Protection and Repair Films
- Skylight Films
- Rainbow / Chameleon Films
- White Matte Privacy Films
- Custom Decorative Film Solutions

Our Expertise

At Smart Tint Arabia, we combine technical expertise with market insight to deliver solutions that meet both functional and design requirements. Our films are engineered to:

- Reduce heat and energy consumption
- Enhance privacy and comfort
- Improve safety and glass strength
- Elevate interior and exterior aesthetics
- Protect interiors from UV damage

Our Solutions

We offer a full spectrum of high performance films, designed for both new-build and retrofit applications:

- ▶ Smart Film (switchable privacy film for instant clear to frosted control)
- ▶ Dot gradient and patterned films for elegant zoning and branding
- ▶ Anti glare / anti blocking films to improve visual comfort and screen clarity
- ▶ Photochromic films that automatically darken with sunlight to reduce heat and glare
- ▶ Safety and security films to reinforce glass and protect against impact or shattering
- ▶ Solar control, Nano ceramic, and heat control films to cut heat load and energy costs while preserving views
- ▶ Architectural, color, and decorative films for branding, privacy, and interior design concepts
- ▶ Furniture safety and repair films to protect and renew surfaces cost effectively
- ▶ Skylight films to control heat and light from above without major structural changes
- ▶ Rainbow / chameleon films for striking, color shifting visual effects
- ▶ White matte and frosted privacy films for offices, clinics, hospitality, and residential spaces

All our films are carefully selected from trusted international manufacturers and are installed according to best practice methods to ensure long term performance and aesthetic quality.

Value We Bring

Smart Tint Arabia focuses on delivering measurable value on every project:

- ▶ **Enhanced comfort:** Significant reduction of solar heat gain, glare, and UV radiation for more comfortable, productive interiors.
- ▶ **Improved privacy and flexibility:** On demand privacy for meeting rooms, facades, and residential areas without sacrificing natural light.
- ▶ **Energy efficiency:** Lower cooling loads and more efficient use of daylight to support sustainability targets and operating cost reduction.
- ▶ **Safety and protection:** Reinforced glass and surface protection that help minimize damage and improve occupant safety.
- ▶ **Design and branding:** Films that support interior concepts, brand identity, and unique façade designs without structural changes.

Who We Serve

We work closely with:

- Architects, designers, and consultants looking for smart, specification grade film solutions.
- Main contractors and fit out companies who require reliable supply, technical support, and professional installation.
- Corporate, retail, hospitality, healthcare, education, and high end residential clients seeking premium privacy, safety, and decorative finishes.

Our team supports projects from initial concept and glass assessment through product selection, sampling, and installation.

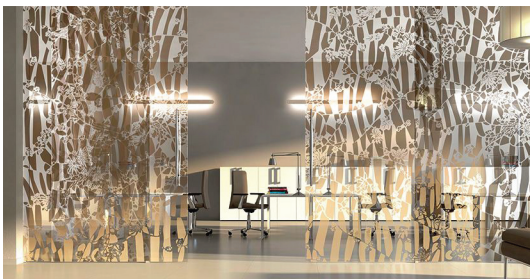

Our Promise

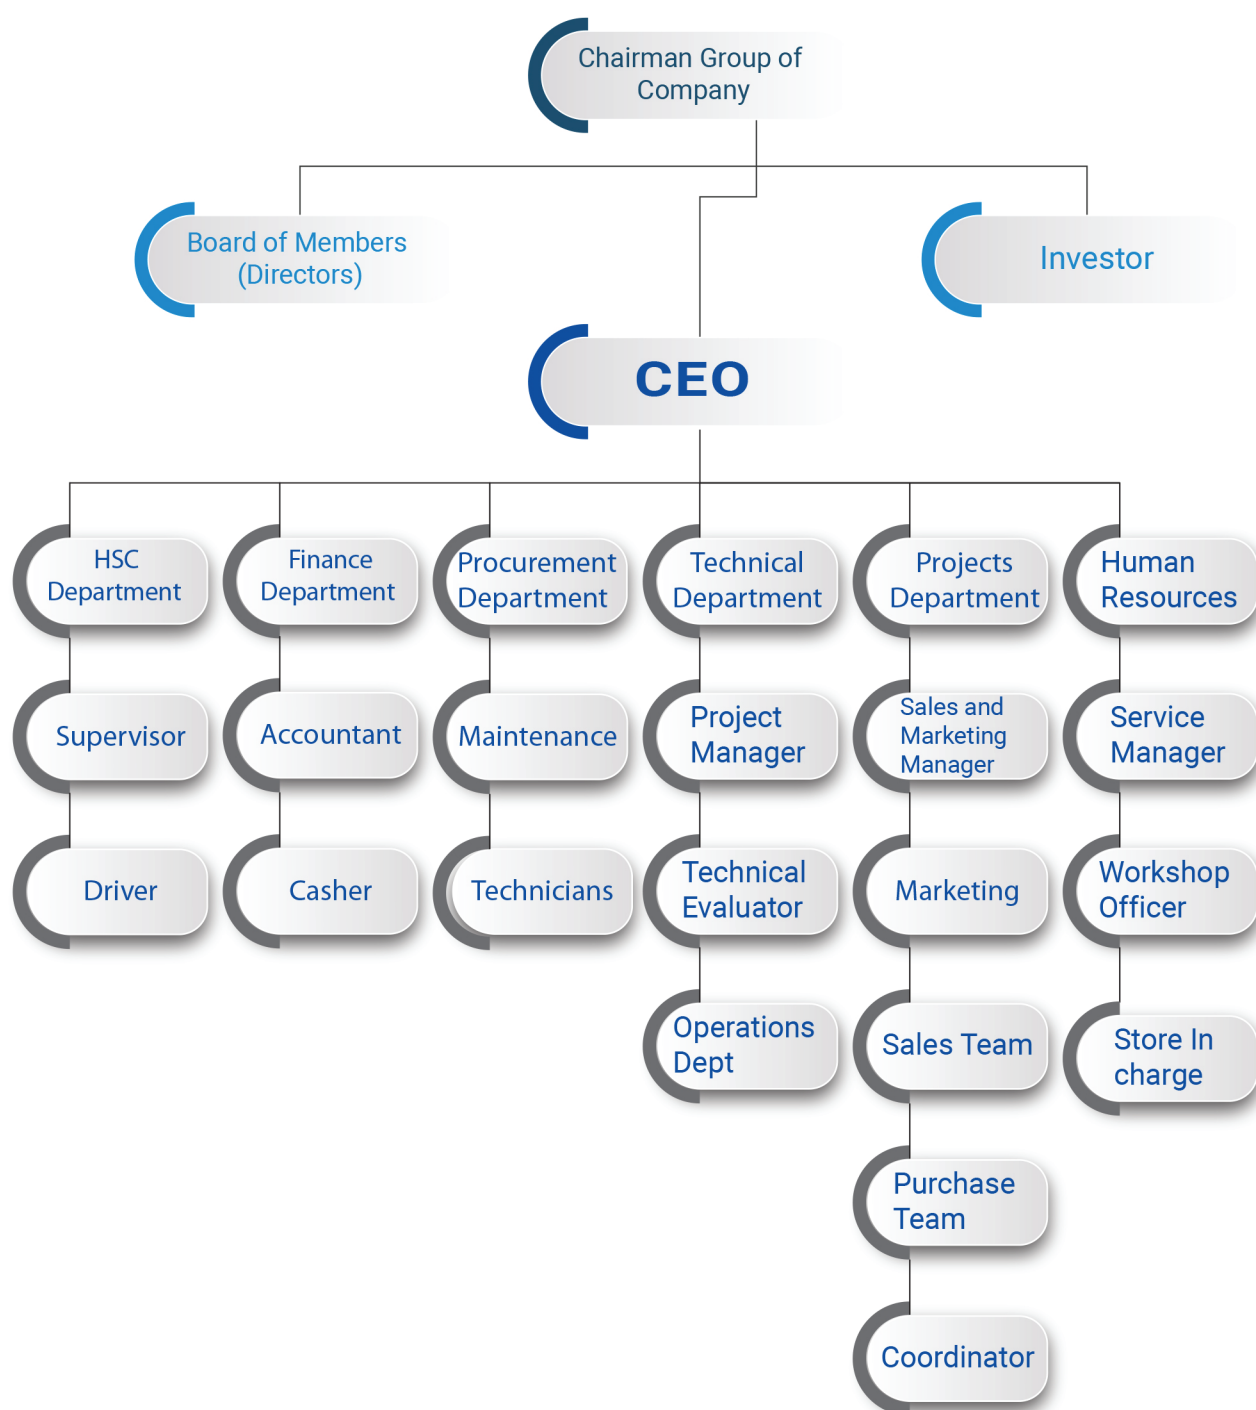

Smart Tint Arabia is committed to building long term partnerships through;

- A complete and evolving product portfolio across privacy, solar control, safety, and decorative categories.
- Consistent product quality backed by international standards and manufacturer warranties.
- Professional installation teams trained on best practices for different substrates and project conditions.
- Responsive technical consultation and after sales support throughout the project lifecycle.

Smart Tint Arabia is your trusted partner to turn glass and surfaces into smart, efficient, and visually impressive elements of your design.
